

ProBiotic Scrubber™ Aquatic Solution

Treated
The Lake on the left was treated. The algae bloom was brought under control. The health of the entire lake was improved.

Un—Treated
The Lake on the right was not treated. Sludge and algae was heavy in this lake. The health of the lake did not improve over the course of the year.

Improve

Water microbiology action
Oxygen levels
Clarity and Quality

Reduce

Nutrients causing Algae
Anaerobic black layer

Microbial Water Remediation

Our biological products are 100% natural and earth friendly. When introduced into the natural environment they stimulate indigenous microbial, enhancing the biological process and accomplishing in days and months what would normally take nature years. Our products are live cultures which contain a composite of micro-organism, (aerobic, facultative and anaerobic), amino acids, nutrients and polysaccharides that are non-pathogenic and non-toxic.

- ◆ Improves water quality & clarity
- ◆ Improves Ph balance
- ◆ Improves oxygen levels
- ◆ Reduces sludge & total suspended solids
- ◆ Reduces ammonia levels
- ◆ Reduces nitrate and phosphate
- ◆ Reduce anaerobic layer
- ◆ Remediate algae & duckweed environments

ProBiotic Scrubber™ Aquatic Solution is safe for aquatic life and does not contain any caustic chemicals. **ProBiotic Scrubber™ Aquatic Solution** is an environmentally safe aquatic program used in ponds, lakes, water features and aquatic ecosystems.
